**INDEPENDENT AUDITORS' REPORT**

To the Board of Directors  
Palau District Housing Authority

***Report on the Financial Statements***

We have audited the accompanying combined financial statements of Palau District Housing Authority (the Authority), a component unit of the Republic of Palau as of September 30, 2016 and 2015, and for the years then ended and the related notes to the financial statements, which collectively comprise the financial statements as listed in the table of contents. The prior year summarized comparative information has been derived from the Authority's 2015 financial statements and, in our report dated June 24, 2016, we expressed an unmodified opinion on those financial statements.

***Management's Responsibility for the Financial Statements***

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

***Auditors' Responsibility***

Our responsibility is to express an opinion on these financial statements based on our audits. We conducted our audits in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in Government Auditing Standards, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

**SAIPAN OFFICE**

SUITE 203 MH II BUILDING  
MARINA HEIGHTS BUSINESS PARK  
P.O. BOX 504053, SAIPAN, MP 96950  
TEL NOS. (670) 235-8722 (670) 233-1837  
FAX NOS. (670) 235-6905 (670) 233-8214

**GUAM OFFICE**

HENGI PLAZA, SUITE 104  
278 SOUTH MARINE DRIVE

FAX NOS. (671) 646-5045 (671) 472-2686

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

### ***Opinion***

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of the Palau District Housing Authority, as of September 30, 2016 and 2015, and the changes in its net position and its cash flows for the years then ended in accordance with accounting principles generally accepted in the United States of America.

### ***Other Matters***

#### ***Required Supplementary Information***

Accounting principles generally accepted in the United States of America require that the Management's Discussion and Analysis on pages 4 through 16, the Budgetary Comparison Information on page 44, the Schedule of the Authority's Proportional Share of the Net Pension Liability on page 45, and the Schedule of Pension Contributions on page 46 be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

#### ***Other Financial Information***

Our audit was conducted for the purpose of forming an opinion on the Authority's basic financial statements as a whole. The statistical section on pages 49 through 52 is presented for purposes of additional analysis and is not a required part of the financial statements. The statistical section is the responsibility of management. The statistical section has not been subjected to the auditing procedures applied in the audit of the basic financial statements and, accordingly, we do not express an opinion or provide any assurance on it.

The statistical section is the responsibility of management and was derived from and relate directly to the underlying accounting and other records used to prepare the financial statements. Such information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the statistical section is fairly stated, in all material respects, in relation to the financial statements as a whole..

***Other Reporting Required by Government Auditing Standards***

In accordance with *Government Auditing Standards*, we have also issued our report dated May 24, 2017 on our consideration of the Palau District Housing Authority's internal control over financial reporting and our tests of its compliance with certain provision of laws, regulations, contracts and grants agreements and other matters. The purpose of that report is to describe the scope of our testing of internal controls over financial reporting and compliance and the results of that testing, and not to provide an opinion on internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the Authority's internal control over financial reporting and compliance.

Koror, Republic of Palau  
May 24, 2017

**PALAU DISTRICT HOUSING AUTHORITY**  
(A Component Unit of the Republic of Palau)

Management's Discussion and Analysis  
September 30, 2016

As management of the Palau District Housing Authority (the Authority), a component unit of the Republic of Palau (ROP), we offer readers of the Authority's financial statements this narrative overview and analysis of the financial activities of the Authority for the fiscal year ended September 30, 2016. We encourage readers to consider the information presented in conjunction with the Authority's financial statements, and accompanying notes to the financial statements on pages 17 through 43.

**Financial Highlights**

- The assets of the Authority exceeded its liabilities at September 30, 2016 and 2015 by \$2,621,669 and \$2,615,296, respectively. The Authority's net position (assets less liabilities) increased by \$6,373 from the previous year. The increase in net assets is a result of excess of revenues earned over expenses.
- The Authority's cash and cash equivalents at September 30, 2016 and 2015 was \$3,193,179 and \$650,117, respectively, representing an increase of \$2,543,062 due primarily to \$2,500,000 cash received from Republic of Palau (loan from Mega International Bank) and continuous collection of notes receivable.
- The Authority had operating revenues of \$170,695 and \$171,608 and operating expenses of \$166,827 and \$118,220 for the years ended September 30, 2016 and 2015, respectively. Operating expenses increased by \$48,607 due to increase in labor and materials cost.

**Overview of the Financial Statements**

The Management Discussion and Analysis is intended to serve as an introduction to the Authority's basic financial statements. The Authority's basic financial statements are comprised of two components: 1) authority-wide financial statements; and 2) notes to the financial statements.

For the year ended September 30, 2016, the Authority implemented the provisions of GASB Statement No. 68, *Accounting and Financial Reporting for Pensions*, as amended by GASB Statement No. 71, *Pension Transition for Contributions Made Subsequent to the Measurement Date*. GASB Statement Nos. 68 and 71 establish standards for measuring and recognizing net pension liabilities, deferred outflows of resources, deferred inflows of resources, and expenses related to pension benefits provided through defined pension plans. In addition, Statement No. 68 requires disclosure of information related to pension benefits.

**PALAU DISTRICT HOUSING AUTHORITY**  
(A Component Unit of the Republic of Palau)

Management's Discussion and Analysis  
September 30, 2016

**Overview of the Financial Statements, Continued**

***AUTHORITY-WIDE FINANCIAL STATEMENTS, Continued***

The authority-wide financial statements are designed to provide readers with a broad overview of the Authority's finances, in a manner similar to a private-sector business.

The *Combined Statement of Net Position* presents information on all of the Authority's assets and liabilities, with the difference between the two reported as net position. Over time, increases or decreases in net assets may serve as a useful indicator of whether the financial position of the Authority is improving or deteriorating.

The *Combined Statement of Revenues, Expenses and Changes in Net Position* presents information showing how the Authority's net position changed during the most recent fiscal year. All changes in net position are reported as soon as the underlying event giving rise to the change occurs, regardless of the timing of related cash flows. Thus, revenues and expenses are reported in this Statement for some items that will only result in cash flows in future fiscal periods (e.g., depreciation and earned but unused vacation leave).

The *Combined Statement of Cash Flows* provides information about the Authority's cash receipts and cash payments during the reporting period. This Statement reports cash receipts, cash payments, and net changes in cash resulting from operations, investing, and financing activities.

The authority-wide financial statements report on the function of the Authority that is principally supported by intergovernmental revenues. The Authority's function is to develop and administer low-cost housing projects and to assist in correcting housing conditions endangering the health, safety, and welfare of the people residing in the Republic of Palau, which is funded primarily with grant revenue received from the U.S. Department of Housing and Urban Development.

The authority-wide financial statements can be found on pages 17 through 21 of this report.

***NOTES TO THE FINANCIAL STATEMENTS***

The notes to the financial statements provide additional information that is essential to a full understanding of the data provided in the authority-wide financial statements. The notes to the financial statements can be found on pages 22 through 43 of this report.

**PALAU DISTRICT HOUSING AUTHORITY**  
(A Component Unit of the Republic of Palau)

Management's Discussion and Analysis  
September 30, 2016

**Overview of the Financial Statements, Continued**

***FUND FINANCIAL STATEMENTS***

Traditional users of governmental financial statements will find the Fund Financial Statements presentation more familiar. The focus is now on Major Funds rather than fund types. The Authority consists of exclusively enterprise funds. Enterprise funds utilize the full accrual basis of accounting. The enterprise method of accounting is similar to accounting utilized by the private sector accounting.

Funds maintained by the Authority are segregated to enhance accountability and control.

**Authority-Wide Financial Analysis**

Fiscal year 2016 is the fourteenth year of implementation of Governmental Accounting Standards Board (GASB) Statement No. 34. The financial statement focuses on the Authority as a whole. The Authority's financial statements are designed to emulate corporate presentation models whereby all Authority activities are combined into one total. The focus of the Statement of Net Assets is designed to be similar to bottom line results for the Authority. This Statement combines current financial resources (short-term spendable resources) with capital assets. The Statement of Revenues, Expenses, and Changes in Net Assets focuses on both the gross costs and the net costs of Authority activities which are supported mainly by appropriations from Palau National Congress (Olbiil Era Kelulau or OEK) and by other revenues. This approach is intended to summarize and simplify the user's analysis of cost of Authority services to the general public of the ROP.

**PALAU DISTRICT HOUSING AUTHORITY**  
(A Component Unit of the Republic of Palau)

Management's Discussion and Analysis  
September 30, 2016

**Authority-Wide Financial Analysis, Continued**

This schedule is prepared from the Authority's Statement of Net Position, which is presented on an accrual basis of accounting whereby liabilities and expenses are recorded when incurred, whether paid or not, and revenue is recorded when earned, whether received or not.

Total assets and deferred outflows of resources totaled \$8.0 million at September 30, 2016. This balance reflects \$5.0 million increase from the 2015 fiscal year. The increase was caused by a \$2.5 million cash loan received from the Republic of Palau (ROP) and the increase in accounts receivable from ROP in the amount of \$2.5 million. The Authority through the Republic of Palau has administered the \$5 million loan from Mega International Commercial Bank Co. Ltd. The loan is to be used to finance housing which includes displaced Palauan residents.

There were seven (7) new loans approved in FY 2016 totaling \$34,990 sourced from HIRAP Loan Program. There were eight (8) new loans totaling \$193,486, sourced from Rehabilitation Loan Program and four (4) new loans totaling \$134,000, sourced from Rehabilitation Loan Displaced Program approved in FY 2016.

As noted earlier, net position may serve over time as a useful indicator of an entity's financial position. In the case of the Authority, assets exceeded liabilities by \$2,621,669 as of September 30, 2016.

**Operating Revenues for the Years Ended  
September 30, 2016, 2015 and 2014**

	2016	2015	2014
Operating revenues:			
Republic of Palau appropriations	\$ 70,000	\$ 70,000	\$ 70,000
Interest on loans	88,863	80,844	77,172
Other	11,832	20,764	8,067
Total operating revenues	170,695	171,608	155,239

The above schedule indicates total revenues realized by the Authority in FY 2016 totaling \$170,695. The OEK contributed \$70,000 through cost reimbursement grants during FY 2016. The Authority draws down monies from the grant awards for allowable program expenses, except for non-cash transactions, such as depreciation expense and changes in compensated absences. The Authority's intergovernmental revenues and charges for services were sufficient to cover all expenses incurred during the year.

**Operating Expenses for the Years Ended  
September 30, 2016, 2015 and 2014**

	<u>2016</u>	<u>2015</u>	<u>2014</u>
Operating expenses:			
Salaries and wages	\$ 75,456	\$ 70,468	\$ 71,692
Labor and materials	29,814	-	-
Rent expense	12,681	12,975	12,975
Employee benefits	12,262	6,723	23,425
Communication	4,836	5,314	4,664
Travel	5,481	3,697	4,827
Utilities	2,834	3,159	3,762
Depreciation	2,576	2,865	7,109
Professional fees	-	1,650	1,900
Repairs and maintenance	5,640	1,458	1,573
Insurance	1,039	-	-
Miscellaneous	<u>14,208</u>	<u>9,911</u>	<u>12,188</u>
 Total operating revenues	 <u>\$ 166,827</u>	 <u>\$ 118,220</u>	 <u>\$ 144,115</u>

The above schedule shows total operating expenses of \$166,827 in FY 2016.

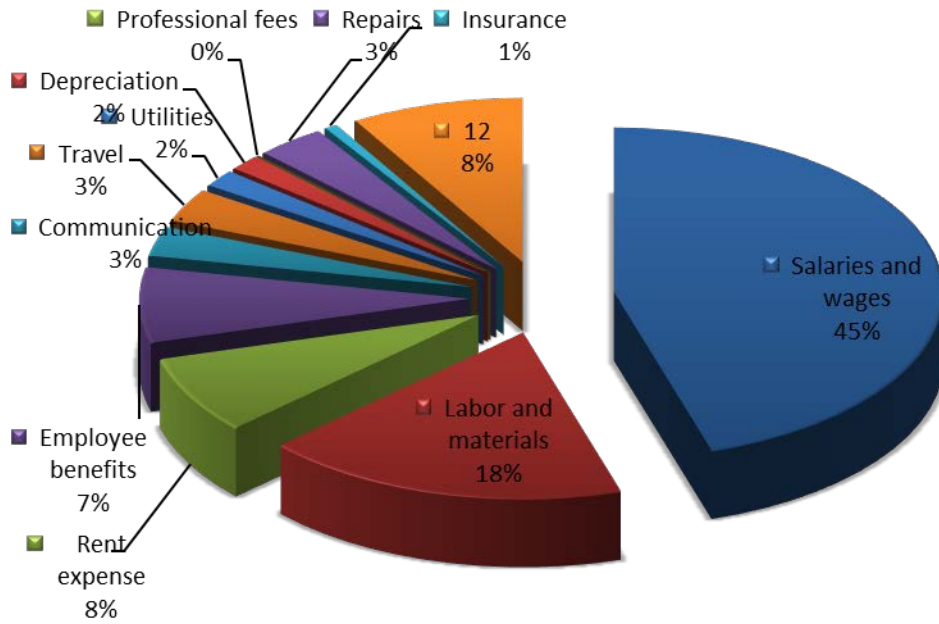

The Authority's operating expenses increased by \$48,607 in FY 2016 due primarily to the \$29,814 excess construction costs of Home Rehabilitation Loan Program.

**PALAU DISTRICT HOUSING AUTHORITY**

September 30, 2016

**Authority-Wide Financial Analysis, Continued**

**CAPITAL ASSETS**

As of September 30, 2016, 2015 and 2014, the Authority's investment in capital assets (net of accumulated depreciation) for its business-type activities is as reflected in the following schedule:

	2016	2015	2014
Furniture, fixtures, and equipment	\$ 21,240	\$ 21,240	\$ 18,191
Vehicles	45,267	45,267	46,099
	66,507	66,507	64,290
Accumulated depreciation	(54,720)	(52,144)	(48,627)
	\$ 11,787	\$ 14,363	\$ 15,663

Additional information on the Authority's capital assets can be found in Notes 1 and 6 of the accompanying Notes to Combined Financial Statements.

**FUND BALANCE**

Fund balance is an analysis of balances and transactions of individual funds, including the reasons for significant changes in fund balances or fund net assets and whether restrictions, commitments, or other limitations significantly affect the availability of fund resources for future use.

As of September 30, 2016, 2015 and 2014, the Authority's fund balance is as reflected in the following schedule:

	2016	2015	2014 As Restated
Net investment in capital assets	\$ 11,787	\$ 14,363	\$ 15,663
Restricted	2,339,989	2,275,930	2,095,405
Unrestricted	269,893	325,003	450,009
Total net position	\$ 2,621,669	\$ 2,615,296	\$ 2,561,077

Operating income	-	-	3,868	3,868
Investment income earned	-	-	855	855
Other income	<u>-</u>	<u>-</u>	<u>1,650</u>	<u>1,650</u>
Increase in net assets	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 6,373</u>	<u>\$ 6,373</u>

Palau District Housing Authority has no authority to impose taxes to generate revenue. The Authority, as an autonomous agency of the Republic of Palau, receives annual appropriation from the legislative branch, the Olbiil Era Kelulau (Palau National Congress). The Palau National Congress legislative budgets are adopted on a basis consistent with accounting principles generally accepted in the United States of America. An annual appropriated budget is adopted by the Legislature for Palau District Housing Authority through an Annual Appropriations Act.

**PALAU DISTRICT HOUSING AUTHORITY**  
(A Component Unit of the Republic of Palau)

Management's Discussion and Analysis  
September 30, 2016

**Economic Factors and Next Year's Budget and Rates**

The following factors were considered in preparing the Authority's budget for the 2017 fiscal year:

- An increase in the collections of loan payments.
- The number of loans to be disbursed will be increased due to funding availability.
- An increase in interest income, due to loan disbursed from previous year.
- Appropriation from the Palau National Government applicable to administrative and operation expenditures,
- 5 million loan from Mega Bank, Taiwan. This additional capital will assist with the displacement crisis, and the back log of loan applicants.
- Interest payment of the loan and other fees and charges

**Future Events that will Financially Impact the Authority**

- The Authority will be able continue and expand its housing loan programs.
- Public Housing Program - Rental
- Subdivision - Relocation to Babeldaob
- Leased parcel of land will be secured in Babeldaob and the construction of a permanent office building for the Authority will be forthcoming.
- 5 million loan - Mega Bank

**PALAU DISTRICT HOUSING AUTHORITY**  
(A Component Unit of the Republic of Palau)

Notes to Combined Financial Statements  
September 30, 2016 and 2015

**(1) Summary of Significant Accounting Policies, Continued**

Reporting Entity

The Palau District Housing Authority (the Authority), a component unit of the Republic of Palau (ROP), was established by Public Law 4-5-5 (June 20, 1970) of the Palau District Legislature (of the Trust Territory of the Pacific Islands). Its purpose is to develop and administer low cost housing and urban renewal projects and to assist in correcting housing conditions endangering the health, safety, and welfare of the people of the ROP. The Authority was reorganized by Trust Territory Public Law 5-37 (April 5, 1973). Upon emergence of the Republic of Palau Constitutional Government (January 1, 1981), the Authority was transferred to the Republic of Palau. The Authority is a public corporation administered by a five-member Board of Directors appointed by the President of the Republic of Palau with the advice and consent of the Olbiil Era Kelulau (OEK – Palau National Congress).

For the year ended September 30, 2015, the Authority implemented the provisions of GASB Statement No. 68, *Accounting and Financial Reporting for Pensions*, as amended by GASB Statement No. 71, *Pension Transition for Contributions Made Subsequent to the Measurement Date*. GASB Statement Nos. 68 and 71 establish standards for measuring and recognizing net pension liabilities, deferred outflows of resources, deferred inflows of resources, and expenses related to pension benefits provided through defined pension plans. In addition, Statement No. 68 requires disclosure of information related to pension benefits.

The Authority's primary operations are comprised of a number of housing and grant programs as follows:

Major Enterprise Funds

*Home Rehabilitation Loan Program*

The Home Rehabilitation Loan Program provides long-term financing to low income and moderate-income families to rehabilitate existing dwellings or construct new single-family housing units. This Program is made possible through the initial funding from the U.S. Department of Housing and Urban Development (HUD). The maximum amount that can be borrowed for a new single-family dwelling is \$35,000 at 4.5% interest per annum with a 25-year term. The maximum loan amount to rehabilitate an existing dwelling is \$5,000 with a 10-year term at 3% interest rate per annum, and \$10,000 with a 15-year term at 4.5% interest rate per annum.

**PALAU DISTRICT HOUSING AUTHORITY**  
(A Component Unit of the Republic of Palau)

Notes to Combined Financial Statements  
September 30, 2016 and 2015

**(1) Summary of Significant Accounting Policies, Continued**

Major Enterprise Funds, Continued

*Low-Cost Housing Program*

The U.S. Department of Housing and Urban Development (HUD) was the primary source of funds for the Loan Fund Housing Program. This program initially provided funding for loans to low-income families for up to \$12,000, payable over a period of 30 years, at an interest rate of 3 percent per annum to rehabilitate/construct family homes.

Currently, under this loan program and with the initial funding from HUD and U.S. Department of Agriculture (USDA), the Home Improvement and Repair Assistance Program was established specifically to provide low cost and long-term loans to low income and very low-income senior citizens, 60 years old and over, to rehabilitate their homes. Under this program, the borrower can obtain a maximum loan of \$5,000 with interest rate of 3 percent per annum payable over a 10-year period.

Emergency Housing Revolving Loan Program

The Emergency Housing Revolving Loan Program was established as an emergency loan program for citizens of the Republic of Palau for whose homes were destroyed by natural disaster or fire. The Program was funded by a \$500,000 appropriation from the Republic of Palau. Pursuant to Republic of Palau Public Law 6-26, §4, the Program was initially established to provide loans to private homeowners whose homes were destroyed or made uninhabitable because of damage done by storm Utor. Loans are available from a minimum of \$500 to a maximum amount of \$30,000, with repayment terms ranging from 3-to 30 years at an interest rate of 3 percent per annum. During the fiscal year ending September 30, 2002, the Authority remitted \$250,000 of the initial funding back to the Republic of Palau National Government.

Non-Major Enterprise Funds

The following funds was determined to be non-major enterprise funds for the fiscal year ended September 30, 2016:

**PALAU DISTRICT HOUSING AUTHORITY**  
(A Component Unit of the Republic of Palau)

Notes to Combined Financial Statements  
September 30, 2016 and 2015

**(1) Summary of Significant Accounting Policies, Continued**

*Section 8 Housing Assistance Program*

This program provides temporary housing for rental to assist low-income families who lack sufficient income to obtain safe, decent, and sanitary housing. The program was originally funded through the U.S. Department of Housing and Urban Development (HUD), until it was phased-out in December 2004. However, the program has been able to sustain itself and continue to provide this service.

*Transitional/Emergency Shelter Program*

This Program provides short-term temporary housing to individuals or families who become victims of domestic violence or abuse and whose homes are destroyed due to fire or natural disaster. The Program was originally funded through the HUD.

Local Funds

Local funds consist of appropriations from Republic of Palau for general operations of the Authority.

Measurement Focus, Basis of Accounting, and Basis of Presentation

The accounts of the Authority are organized and operated on the basis of funds and grant programs. A fund is an independent fiscal year and accounting entity with a self-balancing set of accounts. Fund accounting segregates funds according to their intended purpose and is used to aid management in demonstrating compliance with finance-related legal and contractual provisions. The minimum number of funds is maintained consistent with legal and managerial requirements.

The Authority has elected to use proprietary fund types as its principal reporting. Proprietary funds are accounted for on the flow of economic resources measurement focus and use the accrual basis of accounting. The accounting objectives of its measurement focus are the determination of operating income, changes in net position (or cost recovery), financial position and cash flows.

**PALAU DISTRICT HOUSING AUTHORITY**  
(A Component Unit of the Republic of Palau)

Notes to Combined Financial Statements  
September 30, 2016 and 2015

**(1) Summary of Significant Accounting Policies, Continued**

Measurement Focus, Basis of Accounting, and Basis of Presentation, Continued

All assets, deferred outflows of resources, liabilities deferred inflows or resources (whether current or noncurrent) associated with their activities are reported. Proprietary fund equity is classified as net position. Under this method, revenues are recorded when earned and expenses are recorded when a liability is incurred, regardless of the timing of related cash flows. The Authority's proprietary funds are enterprise funds used to account for those operations that are financed and operated in a manner similar to private business or where the Authority has decided that the determination of revenues earned, costs incurred and/or net income is necessary for management accountability. All assets and liabilities that are associated with the operation of the Authority are included in the statement of net position.

The financial statements include certain prior-year summarized comparative information in total but not by fund. Such information does not include sufficient detail to constitute a presentation in conformity with accounting principles generally accepted in the United States of America. Accordingly, such information should be read in conjunction with the Authority's audited financial statements for the year ended September 30, 2015, from which the summarized information was derived.

Deferred Outflows of Resources

In addition to assets, the statements of net position will sometimes report a separate section for deferred outflows of resources. This separate financial statement element, deferred outflows of resources represents a consumption of net position that applies to a future period and so will not be recognized as an outflow of resources (deduction of net position) until then. The Authority determined the differences between expected and actual experience with regard to economic or demographic factors in the measurement of the total pension liability, pension contributions made subsequent to the measurement date and changes in proportion and difference between the Authority's pension contributions and proportionate share of contributions qualify for reporting in this category.

Deferred Inflows of Resources

In additions to liabilities, the statements of net position will sometimes report a separate section for deferred inflows of resources. This separate financial statement element, deferred inflows of resources represent acquisition of net position that applies to a future period and so will not be recognized as an inflow of resources (additions to net position) until then. The Authority has determined the difference between projected and actual earnings on pension plan investments qualify for reporting in this category.

**PALAU DISTRICT HOUSING AUTHORITY**  
(A Component Unit of the Republic of Palau)

Notes to Combined Financial Statements  
September 30, 2016 and 2015

**(1) Summary of Significant Accounting Policies, Continued**

Measurement Focus, Basis of Accounting, and Basis of Presentation, Continued

Pensions

Pensions are required to be recognized and disclosed using the accrual basis of accounting. The Authority recognizes a net pension liability for the defined benefit pension plan in which it participates, which represents the Authority's proportional share of excess total pension liability over the pension plan assets – actuarially calculated – of a defined benefit, cost sharing multi-employer plan. Changes in the net pension liability during the period are recorded as pension expense, or as deferred inflows of resources or deferred outflows of resources, depending on the nature of the change, in the period incurred.

Those changes in net pension liability that are recorded as deferred inflows of resources or as deferred outflows of resources, that arise from changes in actuarial assumptions or other inputs and differences between expected or actual experience, are amortized over the weighted-average remaining service life of all participants in the qualified pension plan and recorded as a component of pension expense beginning with the period in which they are incurred. Projected earnings on qualified pension plan investments are recognized as a component of pension expense. Differences between projected and actual investment earnings are reported as deferred inflows of resources or deferred outflows of resources and amortized as a component of pension expense on a closed basis over a five-year period beginning with the period in which the difference occurred,

*New Accounting Standards*

In February 2015, GASB issued Statement No. 72, *Fair Value Measurement and Application*, which addresses accounting and financial reporting issues related to fair value measurements and requires entities to expand their fair value disclosures by determining major categories of debt and equity securities within the fair value hierarchy on the basis of the nature and risk of the investment. The provisions in Statement No. 72 are effective for fiscal years beginning after June 15, 2015. Management believes that the implementation of this statement only requires additional disclosures to be made about fair value measurements, the level of fair value hierarchy, and valuation techniques and will not have a material effect on the financial statements.

Notes to Combined Financial Statements  
September 30, 2016 and 2015

**(1) Summary of Significant Accounting Policies, Continued**

Measurement Focus, Basis of Accounting, and Basis of Presentation, Continued

*New Accounting Standards, Continued*

In June 2015, GASB issued Statement No. 73, *Accounting and Financial Reporting for Pensions and Related Assets That Are Not Within the Scope of GASB Statement 68 and Amendments to Certain Provisions of GASB Statement 67 and 68*, which aligns the reporting requirements for pensions and pension plan not covered in GASB Statements 67 and 68 with the reporting requirements in Statement 68. The provisions in Statement No. 73 are effective for fiscal years beginning after June 15, 2015, with the exception of the provisions that address employers and governmental non-employer contributing entities for pensions that are not within the scope of Statement 68, which are effective for fiscal years beginning after June 15, 2016. Management has not evaluated the impact that the implementation of this statements will have on the financial statements.

In June 2015, GASB issued Statement No. 74, *Financial Reporting for Postemployment Benefit Plans Other Than Pension Plans*, which replaces Statements No. 43, *Financial Reporting for Postemployment Benefits Plans Other Than Pension Plans*, as amended, and No. 57, *OPEB Measurements by Agent Employers and Agent Multiple-Employer Plans*, and addresses financial reporting requirements for governments whose employees are provided with postemployment benefits other than pensions (other postemployment benefits or OPEB). The provisions in Statement No. 74 are effective for fiscal years beginning after June 15, 2016. Management has not evaluated the impact that the implementation of this statement will have on the financial statements.

In June 2015, GASB issued Statement No. 75, *Accounting and Financial Reporting for Postemployment Benefits Other Than Pensions*, which replaces the requirements of Statements No. 45, *Accounting and Financial Reporting by Employers for Postemployment Benefits Other Than Pensions*, as amended, and No. 57, *OPEB Measurements by Agent Employers and Agent Multiple-Employer Plans*, and provides guidance on reporting by governments that provide OPEB to their employees and for governments that finance OPEB for employees of other governments. The provisions in Statement No. 75 are effective for fiscal years beginning after June 15, 2017. Management has not evaluated the impact that the implementation of this statement will have on the financial statements.

Measurement Focus, Basis of Accounting, and Basis of Presentation, Continued

*New Accounting Standards, Continued*

In June 2015, GASB issued Statement No. 76, *The Hierarchy of Generally Accepted Accounting Principles for State and Local Governments*, which eliminates two of the four categories of authoritative GAAP that exist under the existing hierarchy prescribed by Statement No. 55. The two categories that will remain under the new standards are (1) GASB Statements and (2) GASB technical bulletins and implementation guides in addition to AICPA guidance that the GASB clears. The provisions in Statement No. 76 are effective for fiscal years beginning after June 15, 2015. Management does not believe that the implementation of this statement had a material effect on the financial statements.

In August 2015, GASB issued Statement No. 77, *Tax Abatement Disclosures*, which requires governments that enter into tax abatement agreements to disclose certain information about the agreements. The provisions in Statement No. 77 are effective for fiscal years beginning after December 31, 2015. Management does not believe that the implementation of this statement will have a material effect on the financial statements.

In December 2015, GASB issued Statement No. 78, *Pensions Provided through Certain Multiple-Employer Defined Benefit Pension Plans*, which addresses a practice issue regarding the scope and applicability of Statement No. 68, *Accounting and Financial Reporting for Pensions*. The provisions in Statement No. 78 are effective for fiscal years beginning after December 15, 2015. Management does not believe that the implementation of this statement will have a material effect on the financial statements.

In January 2016, GASB issued Statement No. 80, *Blending Requirements for Certain Component Units- an amendment of GASB Statement No. 14*, which improves financial reporting by clarifying the financial statement presentation requirements for certain component units. The provisions in Statement No. 80 are effective for fiscal years beginning after June 15, 2016. Management does not believe that the implementation of this statement will have a material effect on the financial statements.

In March 2016, GASB issued Statement No. 81, *Irrevocable Split-Interest Agreements*, which improves accounting and financial reporting for irrevocable split-interest agreements by providing recognition and measurement guidance for situations in which a government is a beneficiary of the agreement. The provisions in Statement No. 81 are effective for fiscal years beginning after December 15, 2016. Management does not believe that the implementation of this Statement will have a material effect on the financial statements.

Measurement Focus, Basis of Accounting, and Basis of Presentation, Continued

*New Accounting Standards, Continued*

In March 2016, GASB issued Statement No. 82, *Pension Issues – an amendment of GASB Statements No. 67, No. 68, and No. 73*, which addresses issues regarding (1) the presentation of payroll-related measures in required supplementary information, (2) the selection of assumptions and the treatment of deviations from the guidance in an Actuarial Standard Practice for financial reporting purposes, and (3) the classification of payments made by employers to satisfy employee (plan member) contribution requirements. The provisions in Statement No. 82 are effective for fiscal years beginning after June 15, 2016. Management does not believe that the implementation of this statement will have a material effect on the financial statements.

*Budgets*

Budgets are prepared on an annual basis for each major operating program and are used as a management tool throughout the accounting cycle. Budgets, however are not legally adopted or legally required for financial statement presentation.

The Authority's governing body, the Board of Directors, adopts budgets on a program or fund level basis. These budgets are submitted by the Authority's Executive Director, and approved by resolutions of the Board of Directors. The Authority's Board of Directors may authorize revisions to the budget based on the availability of financial resources. Formal budget revisions are authorized in the same manner as original budget submissions

Annual budgets are adopted for all Enterprise Funds. Throughout the fiscal year, the Authority monitors and evaluates expenditures rates and patterns. However, timely notice is not given to executive management regarding forthcoming changes in objectives or other conditions that may cause significant variations from approved budget-defined plans.

*Management's Use of Estimates*

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosures of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenditures during the reporting period. Actual results could differ from those estimates.

(A Component Unit of the Republic of Palau)

Notes to Combined Financial Statements  
September 30, 2016 and 2015

**(1) Summary of Significant Accounting Policies, Continued**

Measurement Focus, Basis of Accounting, and Basis of Presentation, Continued

*Lending Policy*

The Authority extends loans to qualifying residents of the Republic of Palau for rehabilitating existing dwellings or for constructing approved low-cost housing. The loans have terms from five to thirty years at an interest rate of 3% and 4.5%. Loans are restricted to a maximum ninety percent (90%) debt (aggregate of all debts associated with the property) to the appraised value of the property ratio or ninety percent (90%) of the estimated replacement cost, whichever is lower. The loans are collateralized by the property being rehabilitated.

*Cash and Cash Equivalents*

For the purposes of the Statement of Net Assets and Statement of Cash Flows, the Authority considers cash and cash equivalents to be cash on hand, cash in checking and savings accounts, and time certificates of deposit of less than ninety-day maturities. All of the Authority's cash are with a federally insured bank, \$250,000 of which is subject to coverage by federal insurance as of September 30, 2016 and 2015, respectively, with the remaining balance exceeding insurable limits. The Authority's cash equivalents, on the other hand, are with a financial institution that is not covered by the Federal Deposit Insurance Corporation (FDIC). The Authority does not require collateralization of its bank accounts and, therefore, amounts in excess of insurable limits are uncollateralized. Deposits in excess of federal depository insurance are considered uncollateralized by GASB Statement No. 40. Custodial credit risk for deposits is the risk that in the event of a bank failure, the government's deposits may not be returned to it. The Authority's cash and cash equivalents exceeding FDIC insurable limits is \$2,696,132 and \$400,117 as of September 30, 2016 and 2015, respectively.

Notes to Combined Financial Statements

September 30, 2016 and 2015

**(1) Summary of Significant Accounting Policies, Continued**

Measurement Focus, Basis of Accounting, and Basis of Presentation, Continued

*Loans and Allowance for Loan Losses*

Loans are stated at the amount of unpaid principal, reduced by an allowance for loan losses. Interest on loans is calculated by using the simple interest method on daily balances of the principal amount outstanding. The allowance for loan losses is established through a provision for loan losses charged to expense. Loans are charged against the allowance for loan losses when management believes that the collection of the principal is unlikely. The allowance is an amount that management believes will be adequate to absorb possible losses on existing loans that may be uncollectible, based on evaluation of the collectability of loans and prior loan loss experience. The evaluation takes into consideration such factors as specific problem loans and current economic conditions that may affect the borrowers' ability to pay. The Authority recognizes bad debts using the allowance method and is only written-off after approval by management and subsequent reporting to the Board of Directors.

*Capital Assets*

All capital assets with a value greater than \$500 and a useful life over one year are capitalized.

The cost of repairs and maintenance is charged to operations as incurred and improvements are capitalized. Depreciation of capital assets is computed using the straight-line method over the estimated useful lives of the assets. Assets are depreciated using the following depreciation guidelines:

<u>Category</u>	<u>Useful Life – Years</u>
Residential units	28
Furniture, fixtures and equipment	5
Vehicles	5

Upon retirement or other disposition of capital assets recorded, the cost and related accumulated depreciation are removed from the respective program's or fund's accounts and any gain or loss is included in the respective program's or fund's current operations.

Notes to Combined Financial Statements  
September 30, 2016 and 2015

**(1) Summary of Significant Accounting Policies, Continued**

Measurement Focus, Basis of Accounting, and Basis of Presentation, Continued

*Compensated Absences*

Compensated absences are those absences for which employees will be paid, such as vacation and sick leave. Employees are credited 104, 156 or 208 hours per fiscal year, based on their lengths of service. The accumulation of vacation leave credits is limited to 360 at fiscal year-end while that of sick leave credits is unlimited. Both are convertible to pay upon termination of employment. The Authority recognizes as a liability all vested vacation and sick leave benefits accrued by its employees. When the employees use vacation and sick leave benefits, the liability account is reduced accordingly. At September 30, 2016 and 2015, compensated absences payable to employees were \$6,751 in each year, and are recorded as a component of accrued expenses in the accompanying Combined Statement of Net Position. At September 30, 2016 and 2015, all compensated absences are current.

*Income Tax*

Based on 34 PNC 7006, the Authority is exempt from all national and state non-payroll taxes or fees.

*Net Position*

Net position represents the residual interest in the Authority's assets after liabilities are deducted and consist of three components: net investment in capital assets, restricted and unrestricted.

The net investment in capital assets component consist of capital assets net of related accumulated depreciation and reduced by outstanding debt, notes or other borrowings that are attributable to the acquisition, construction and improvements of those assets.

Restricted component of net position is reported when constraints are imposed by third parties, grantors or enabling legislation. At September 30, 2016 and 2015, the Authority's restricted net position includes grants from HUD, USDA, and contributions received from the Trust Territory of the Pacific Islands for the establishment of the Home Rehabilitation Revolving Loan Program and the Low-Cost Housing Revolving Loan Program, respectively. It also includes contributions received from the Republic of Palau National Government for the establishment of Emergency Loan Program to assist victims of typhoon, earthquakes and other natural disasters.

**PALAU DISTRICT HOUSING AUTHORITY**  
(A Component Unit of the Republic of Palau)

Notes to Combined Financial Statements  
September 30, 2016 and 2015

**(1) Summary of Significant Accounting Policies, Continued**

Measurement Focus, Basis of Accounting, and Basis of Presentation, Continued

*Net Position, Continued*

The Authority's restricted component of net position is expendable which is subject to externally imposed stipulations that can be fulfilled by actions of the Authority pursuant to those stipulations or that expire with the passage of time. At September 30, 2016 and 2015, the Authority had no expendable net position.

All of the remaining net position that does not meet the definition of the other components is unrestricted.

*Fair Value of Financial Statements*

The carrying amounts reflected in the statement of net position for cash and cash equivalents, loans receivable, accounts receivable and accrued expenses approximate their respective fair values due to the short-term maturities of those instruments.

The Authority categorizes its fair value measurements within the fair value hierarchy established by GAAP. The hierarchy is based on the valuation inputs used to measure the fair value of the asset. Level 1 inputs are quoted prices in active markets for identical assets; Level 2 inputs are significant other observable inputs; Level 3 inputs are significant unobservable inputs.

*Classification of Revenues*

The Authority has classified its revenues as either operating or non-operating according to the following criteria:

Operating Revenues – Operating revenues include activities that have the characteristics of exchange transactions, such as federal, state and local grants and contracts and federal appropriations.

Non-operating Revenues – Non-operating revenues include activities that have the characteristics of nonexchange transactions, such as interest income, and other revenue sources that are defined as non-operating revenues by GASB Statement No. 9, *Reporting Cash Flows of Proprietary and Nonexpendable Trust Funds and Governmental Entities that Use Proprietary Fund Accounting*.

**(1) Summary of Significant Accounting Policies, Continued**

Measurement Focus, Basis of Accounting, and Basis of Presentation, Continued

*Advertising*

For the fiscal years ending September 30, 2016 and 2015, the Authority incurred advertising costs totaling \$486 and \$779, respectively. These costs primarily relate to construction bids and related procurement solicitation costs.

**(2) Cash and cash equivalents**

Cash and cash equivalents at September 30, 2016 and 2015 consist of the following:

	<u>2016</u>	<u>2015</u>
Cash	\$ 501,648	\$ 636,324
Time certificates of deposit	<u>512,565</u>	<u>13,793</u>
	<u>\$ 1,014,213</u>	<u>\$ 650,117</u>

**(3) Deposits and investments**

GASB Statement No. 40 addresses common deposit and investment risks related to credit risk, concentration of credit risk, interest rate risk and foreign currency risk. As an element of interest rate risk, disclosure is required of investments that have fair values that are highly sensitive to changes in interest rates. This statement also requires disclosure of formal policies related to deposit and investment risks.

*Deposits*

GASB Statement No. 3 previously required government entities to present deposit risks in terms of whether the deposits fell into the following categories:

- Category 1 Deposits that are federally insured or collateralized with securities held by the Authority or its agent in the Authority's name;
- Category 2 Deposits that are uninsured but fully collateralized with securities held by the pledging financial institution's trust department or agent in the Authority's name; or

**PALAU DISTRICT HOUSING AUTHORITY**  
(A Component Unit of the Republic of Palau)

Notes to Combined Financial Statements  
September 30, 2016 and 2015

**(3) Deposits and investments, Continued**

Category 3      Deposits that are collateralized with securities held by the pledging financial institution's trust department or agent but not in Authority's name and noncollateralized deposits.

GASB Statement No. 40 amended GASB Statement No. 3 to in effect eliminate disclosure for deposits falling into categories 1 and 2 but retained disclosures for deposits falling under category 3. Category 3 deposits are those deposits that have exposure to custodial credit risk. Custodial credit risk is the risk that in the event of a bank failure, the Authority's deposits may not be returned to it. Such deposits are not covered by depository insurance and are either uncollateralized with securities held by the pledging financial institution or held by the pledging financial institution but not in the depositor-government's name. The Authority has an investment and deposit policy for custodial credit risk. For deposits, a general depository agreement pursuant to HUD regulations, must be executed by the Authority and the depository. The depository bank must be a bank or financial institution whose deposits are insured by FDIC, Federal Savings and Loan Insurance Corporation or the National Credit Union Administration and all deposits must be fully collateralized by U.S. securities.

For credit risk in the case of deposits, there is the risk that in the event of a bank failure, the Authority's deposits may not be returned to it. As of September 30, 2016 and 2015, the carrying amount of the Authority's total cash and cash equivalents was \$3,193,079 and \$650,117, respectively with a corresponding bank balance of \$3,196,132 and \$647,944, respectively. From these deposits, \$250,000 at September 30, 2016 and 2015, respectively was subject to coverage by FDIC. The Authority does not require collateralization of bank accounts, and therefore, amounts in excess of insurable limits are uncollateralized and are subject to custodial credit risk.

**PALAU DISTRICT HOUSING AUTHORITY**  
(A Component Unit of the Republic of Palau)

Notes to Combined Financial Statements  
September 30, 2016 and 2015

**(3) Deposits and investments, Continued**

*Investments, Continued*

GASB Statement No. 3 previously required government entities to present deposit risks in terms of whether the deposits fell into the following categories:

- Category 1        Investments that are insured or registered, or securities held by the Authority or its agent in the Authority's name;
  
- Category 2        Investments that are uninsured and unregistered for which the securities are held by the counterparty's trust department or agent in the Authority's name; or
  
- Category 3        Investments that are uninsured and unregistered, with securities held by the counterparty's trust department or agent but not in Authority's name.

GASB Statement No. 40 amended GASB Statement No. 3 to in effect eliminate disclosure for deposits falling into categories 1 and 2 and provided for disclosure requirements addressing other common risks of investments such as credit risk, interest rate risk, concentration of credit risk, and foreign currency risk. GASB Statement No. 40 did retain and expand the element of custodial risk in GASB Statement No. 3.

As of September 30, 2016 and 2015, the Authority did not have investments subject to GASB Statement No. 40.

**PALAU DISTRICT HOUSING AUTHORITY**  
(A Component Unit of the Republic of Palau)

Notes to Combined Financial Statements  
September 30, 2016 and 2015

**(4) Notes Receivable**

A summary of notes receivable at September 30, 2016 and 2015 consists of the following:

	2016	2015
Home Rehabilitation loans	\$ 1,988,773	\$ 2,007,304
Emergency Loan Revolving Fund loans	198,818	216,327
Low-Cost Housing loans	152,398	140,293
	2,339,989	2,363,924
Current portion	(191,334)	(255,489)
Long-term notes receivable, net of current portion	\$ 2,148,655	\$ 2,108,435
Allowance for loan losses	\$ (87,994)	\$ (87,994)

A summary of the activity in the allowance for loan losses is as follows:

	2016	2015
Balance at beginning of year	\$ 87,994	\$ 87,994
Additions to provision for loan loss	-	-
Loans charged-off	-	-
Recoveries of loans charged-off	-	-
Balance at end of year	\$ 87,994	\$ 87,994

**(5) Interfunds**

The Authority maintains interfund receivable and payable accounts for all housing projects and funds that it administers and reports interfund transfers between many of its funds. The outstanding balances between funds result mainly from time lags between the date that (1) interfund goods and services are provided or reimbursable expenditures occur; (2) transactions are recorded in the accounting system; and (3) payments between funds are made.

**PALAU DISTRICT HOUSING AUTHORITY**  
(A Component Unit of the Republic of Palau)

Notes to Combined Financial Statements  
September 30, 2016 and 2015

**(6) Capital Assets**

A schedule of changes in capital assets for the fiscal years ended September 30, 2016 and 2015 is shown below:

Capital assets activity for the fiscal year ended September 30, 2016:

	Balance 09/30/15	Additions	Disposal/ Adjustment	Balance 09/30/16
Furniture, fixtures, and equipment	\$ 21,240	\$ -	\$ -	\$ 21,240
Vehicles	45,267	-	-	45,267
	66,507	-	-	66,507
Accumulated depreciation	(52,144)	(2,576)	-	(54,720)
	<u>\$ 14,363</u>	<u>\$ (2,576)</u>	<u>\$ -</u>	<u>\$ 11,787</u>

Capital assets activity for the fiscal year ended September 30, 2015:

	Balance 09/30/14	Additions	Disposal/ Adjustment	Balance 09/30/15
Furniture, fixtures, and equipment	\$ 18,191	\$ 3,049	\$ -	\$ 21,240
Vehicles	46,099	-	(832)	45,267
	64,290	3,049	(832)	66,507
Accumulated depreciation	(48,627)	(2,865)	(652)	(52,144)
	<u>\$ 15,663</u>	<u>\$ 184</u>	<u>\$ (1,484)</u>	<u>\$ 14,363</u>

Depreciation expense for the years ended September 30, 2016 and 2015 was \$2,576 and \$2,865, respectively.

**PALAU DISTRICT HOUSING AUTHORITY**  
(A Component Unit of the Republic of Palau)

Notes to Combined Financial Statements  
September 30, 2016 and 2015

**(7) Notes Payable**

On April 8, 2016, the Republic of Palau entered into a \$5,000,000 loan agreement with Mega International Commercial Bank Co., Ltd. The purpose of the loan is to finance housing including displaced Palauan residents to be administered by the Palau Housing Authority.

The loan is to be repaid in thirty-five (35) consecutive equal semi-annual installments of \$142,857 beginning on April 12, 2019 at the rate equal to six (6) months LIBOR plus one percent (1%) per annum. If Republic of Palau fails to repay any installment payment on the due date, the borrower shall pay interest on the amount of overdue payment at the rate of ten percent (10%) per annum or six (months) LIBOR plus five percent (5%), whichever is higher.

As of September 30, 2016, Palau Housing Authority received from the Republic of Palau \$2,500,000 of the \$5,000,000 loan.

**(8) Retirement Plan**

The Authority contributes to the Palau Civil Service Pension Trust Fund (the Fund), a defined benefit, cost-sharing, multi-employer pension plan established and administered by the Republic of Palau. The Fund issues a stand-alone financial report which is available at its office site.

The Fund provides retirement, security and other benefits to employees, and their spouses and dependents, of the Republic of Palau State Governments and Republic of Palau agencies, funds and public corporations, which are paid monthly and are two percent of each member's average monthly salary. Normal benefits are the credited total service up to a maximum of thirty years total service. Generally, benefits vest after three years of credited service. Members, who retire at or after age 60, or with 30 years of vesting service, are entitled to retirement benefits. Republic of Palau Public Law 2-26 is the authority under which benefit provisions and contributions rates are established. Member contribution rates are established by Republic of Palau Public Law 2-26 at six percent (6%) of total payroll and are deducted from the member' dollar for dollar by the employer.

Under the provisions of the Republic of Palau Public Law 2-26, the Fund's Board of Trustees adopted a Trust Fund Operation which has the force and effect of law, and which sets forth the procedures for the administration and coverage of the Plan. Amendments to the Plan are subject to the requirements of Title 6 of the Palau National Code.

**PALAU DISTRICT HOUSING AUTHORITY**  
(A Component Unit of the Republic of Palau)

Notes to Combined Financial Statements  
September 30, 2016 and 2015

**(8) Retirement Plan, Continued**

The Fund utilizes the actuarial cost method termed “level aggregate cost method” with actuarial assumptions used to compute the pension benefit obligation. The following is the statement of actuarial assumptions as of October 1, 2015 applicable to the plan year ending September 30, 2015 of the ROP Civil Service Pension Plan:

Actuarial Cost Method	: Normal costs are calculated under the entry age normal method
Investment Income	: 7.5% per year
Expenses	: \$300,000 each year
Salary Increase	: 3% per year
Mortality	: RP 2000 Combined Healthy Mortality Table, set forward four years
Disabled Mortality	: PBGC Mortality Table for Disabled Persons Receiving Social Security
Retirement Age	: Age 60 and contributed for at least 5 years

The pension benefit obligation, which is the actuarial present value of credited projected benefits, is a standardized disclosure measure of the present value of pension benefits, adjusted for the effects of projected salary increases and any step-rate benefits, estimated to be payable in the future as a result of employment service to date. The measure is intended to assist users to evaluate the Fund’s funding status on a going-concern basis, and evaluate progress made in accumulating adequate assets to pay benefits when due.

Based on the actuarial valuation of the Fund as of October 1, 2015, the actuarial valuation determined the unfunded pension benefit obligation as follows:

Accrued liability as of October 1, 2015 for:

Present value of Future Benefits	\$ 187,644,517
Present value of Future Normal Costs	<u>(26,735,675)</u>
Actuarial Accrued Liability	160,908,842
Market value of assets	(28,115,140)
Unfunded Actuarial Accrued Liability	\$ <u>132,793,702</u>
Funded ratio (ratio of assets to liabilities)	17.5%

**PALAU DISTRICT HOUSING AUTHORITY**  
(A Component Unit of the Republic of Palau)

Notes to Combined Financial Statements  
September 30, 2016 and 2015

**(8) Retirement Plan, Continued**

The actuarial valuation did not provide a breakdown of actuarial present value of vested and non-vested accumulated plan benefits by sponsor or net position available for benefits by sponsor.

*Deferred Outflows and Inflows of Resources:* As of September 30, 2016, the Authority reported total deferred outflows of resources and deferred inflows of resources related to pensions from the following sources:

	Deferred Outflows of Resources	Deferred Inflows of Resources
Differences between expected and actual experience	\$ 34,473	\$ -
Net difference between projected and actual earnings on pension plan investments	-	37,254
Change in proportion and difference between employer contributions and proportionate share of contributions	3,870	-
Authority's contributions subsequent to the measurement date	<u>3,543</u>	<u>-</u>
Total	<u>\$ 41,886</u>	<u>\$ 37,254</u>

**(9) Risk Management**

The Authority is exposed to various risks of loss related to torts; theft of, damage to, and destruction of assets; errors and omissions, injuries to employees; and natural disasters. The Authority has elected to be self-insured for the risks of loss to which it is exposed.

**PALAU DISTRICT HOUSING AUTHORITY**  
(A Component Unit of the Republic of Palau)

Notes to Combined Financial Statements  
September 30, 2016 and 2015

**(10) Commitments and Contingencies**

*Litigation*

The Authority is subject to various claims and other legal actions in the normal course of business. The Authority consults its legal counsel and the Office of the Attorney General of the Republic of Palau whenever there is a potential or asserted claim, and relies on the advice of counsel for direction and for establishing reserves for potential unfavorable outcomes.

The Authority has initiated several foreclosure actions now pending in the Trial Division of the Supreme Court of Palau (the Court) against six (3) borrowers who defaulted on rehabilitation loans whose principal and interest balance approximate \$23,040 as of September 30, 2016. The Authority intends to take the following courses of action with respect to these matters: (1) renegotiate the loan; (2) pursue the claim in Court to recover the amount through judgments for monetary awards; or (3) pursue the claim in court to recover the amount through judgments for foreclosure on mortgaged properties.

**(11) National Government Contributions**

For the years ended September 30, 2016 and 2015, the Republic of Palau appropriated and contributed the following to the Authority:

	<u>2016</u>	<u>2015</u>
For operational costs of employees	<u>\$ 70,000</u>	<u>\$ 70,000</u>
	<u>\$ 70,000</u>	<u>\$ 70,000</u>

**(12) Economic Dependency**

The Authority receives a substantial amount of its support from interests received from private sector and government donors. A significant reduction in the level of this support, if this were to occur, may have an adverse effect on the Authority's programs and activities. As of September 30, 2016 and 2015, the Authority received 59% in each year of its support from the interests received from private sector, and 41% in each year from government donors.

**PALAU DISTRICT HOUSING AUTHORITY**  
(A Component Unit of the Republic of Palau)

Notes to Combined Financial Statements  
September 30, 2016 and 2015

**(13) Impairment of Fixed Assets**

The Authority reviews the carrying value of property and equipment for impairment whenever events and circumstances indicate that the carrying value of an asset may not be recoverable from the estimated future cash flows expected to result from its use and eventual disposition. In cases where undiscounted expected future cash flows are less than the carrying value, an impairment loss is recognized equal to an amount by which the carrying value exceeds the fair value of assets. The factors considered by management in performing this assessment include current operating results, trends, and prospects, as well as the effects of obsolescence, demand, competition, and other economic factors.

**(14) Reclassifications**

Certain reclassifications have been made to the prior year's financial statements to conform to the current year presentation. These reclassifications had no effect on previously reported results of operations or net position

**(15) Subsequent Events**

The Authority has evaluated subsequent events from October 1, 2016 through May 24, 2017, the date the financial statements were available to be issued. The Authority did not note any subsequent events requiring disclosure or adjustment to the accompanying financial statements.

**PALAU DISTRICT HOUSING AUTHORITY**

**INDEPENDENT AUDITORS' REPORT ON**  
**INTERNAL CONTROL AND ON COMPLIANCE**

---

**Year Ended September 30, 2016**

**INDEPENDENT AUDITORS' REPORT ON INTERNAL CONTROL  
OVER FINANCIAL REPORTING AND ON COMPLIANCE  
AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS  
PERFORMED IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS**

Board of Trustees  
Palau District Housing Authority

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of Palau District Housing Authority (the Authority), which comprise the statement of net position as of September 30, 2016, and the related statements of revenues, expenses and changes in net position and the statement of cash flows for the year then ended, and the related notes to the financial statements, and have issued our report thereon dated May 24, 2017.

**Internal Control over Financial Reporting**

In planning and performing our audit of the financial statements, we considered Palau District Housing Authority's internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of Palau District Housing Authority's internal control. Accordingly, we do not express an opinion on the effectiveness of the entity's internal control.

*A deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified

### **Compliance and Other Matters**

As part of obtaining reasonable assurance about whether Palau District Housing Authority's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

### **Purpose of this Report**

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the organization's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.
